About Dough Art

Dough Art began in a home kitchen with a simple love for baking and sharing homemade treats with family and friends. What started as a passion slowly grew into a small home bakery built on warmth, trust, and fresh flavours.

We proudly create 100% eggless and vegetarian desserts, handcrafted in small batches and made fresh on order. From rich cheesecakes to comforting tea cakes and indulgent cookies, each product is prepared with care using quality ingredients and attention to detail.

At Dough Art, we believe desserts are more than just sweets – they are part of celebrations, tea-time conversations, and everyday moments made special.
